Dear Josh:

Many thanks for your prompt answer to my letter of 3 March.

If you are not an Associate the only way I can assure that you will

be kept informed is to list you as a potential member of the Movement

along with some 700 others who have expressed strong interest. ** This shall be done.* As

you may know, you will be regarded a member of the Movement if you

spend 2% of your income on campaign contributions after having listened

to the advice of the Lobby. You would be regarded as a supporter of

the Movement if you spend 1% of your income for campaign contributions.

I am grateful for the check which you sent me but I am returning it enclosed because I have no way of handling checks made out to me personally. If you feel you would like to contribute to my current office expenses you may send me a check made out to the University of Chicago, in which case your gift will be tax deductible.

With kindest regards.

Sincerely,

Leo
